Sentinel Series - Pro Ducted Cooling Systems

Options & Accessories

Electric Heat Option

Integral electric heater coil and controls

- Protects wine cellar from low temperature conditions
- Ideal for areas where ambient temperatures fall below 50°F/10°C

Water-cooled H₀O

Integral water-cooled condenser coil to remove heat from refrigeration system

- Available on Ducted Wine Guardian systems only
- · Ideal for geo-thermal or water cooling tower applications

Humidification

Drip pad type humidifier with integral evaporator fan, water valves, and controls

- · Accessible humidifier pad for ease of maintenance
- Powered by 24 Volts from Wine Guardian unit; no separate power connections
- Cellar-mounted digital humidistat for precise humidity control
- · Available as both freestanding or integrated models

Four duct collars (return, supply, intake, and exhaust) are standard. May be ducted from multiple outlets for applications versatility.

- Molded plastic design provides lightweight, rigid piece for connection to ductwork
- · Can be sold as kits with flexible ductwork

Integrated Humidifier
